A Merchant Steps on a Lucifer, Causing it to Explode.

A Barrel of Gasoline Ignites From It and the Business Portion of Borden, Ind., is Destroyed—Eleven Men Were Prostrated by the Heat.

LOUISVILLE, Aug. 4.—The prosperous and beautiful little Indiana town of Borden, formerly New Providence, eighteen miles north of Jeffersohville, on the Monon, was visited by a fire Wednesday morning which nearly destroyed the business portion of the town. Before the conflagration was under control two squares of business houses were in ashes.

About 8:30 o'clock Mr. Van Gilder, proprietor of a tin shop almost opposite Prof. W. W. Borden's fine new residence was in the rear of the store drawing German Lloyd steamship Elbe, which gasoline from a barrel. He stepped on a match and an explosion occurred, and the store was enveloped in flames.

The fire spread southward from Van Gilder's store for two squares, sweeping everything before it, despite the efforts of the citizens to check the flames with the scanty supply of water furnished from buckets. The fire spread to the dry goods store of T. S. Ramson and three buildings owned by him, thence to Mrs. Sleisher's millinery store and residence, Mrs. Davis' residence, Emery Porter's residence. Dr. Stalker's drug store was badly damaged, as was Prof. Borden's residence. Several cars belonging to the Monon were also burned. On the north side of Van Gilder's store was the building formerly occupied by Geo. Miller as a hotel, but now occufectionery, grocery and harness store. It was entirely destroyed. When it was found that the fire was beyond control, steamer on a flat and went to Bordon of the interests of the country." on a special, making the eighteen miles in twenty-seven minutes. The Salem company arrived first. The fire was nearly under control when Chief Merker arrived, but the engine did good service in subduing the flames. The losses as far as can be learned are as follows: T. S. Ramson, dwelling and store \$12,000 insurance, \$2,000; Sarah Burns, residence, loss \$1,500; Mrs. Shepp, \$1,-700; Mrs. Sleisher, 8700; E. McKinley, \$2,000; Mrs. Keely, \$000; L. B. Pack-wood, \$300; O. H. Van Gilder, \$1,500, and William WcKinley, \$500.

Eleven men were prostrated by the heat while fighting the fire. Two of them will most probably die.

ICEBERGS GALORE,

Trip From Auckland. New York, Aug. 4.—The American bark Alice, which arrived in the lower bay from Auckland, New Zealand, has had a wonderful trip, and escaped being crushed by icebergs only by what seems a miracle. The Alice left Auckland on May 8, bound for New York, with a cargo of gum and flax. The skipper of the Alice is Capt. Joseph Swain, and he carried a crew of twelve men. On July 9 a man on the lookout shouted: "Ice on the starboard bow." Capt. Swain was immediately summoned on deck, and the first object that met his eyes was an immense iceberg towering into the sky about 400 feet high, and extending four times that distance in length. The ship was put in a direction that would allow her to escape the iceberg, but when she had traveled for several days she was found to be still in the center of a large pack. There were easily 400 around her, and it was only owing to the good seamanship of her captain that at the end of five days she escaped destruction. Capt. Gossit of the North arrived Tuesday reports that he sighted an iceberg on July 29. The iceberg was an immense one, fully 400 feet in height and presented a magnificent spectacle. The sighting of the 'berg proves that the ice is retreating northward at a very early season of the year.
